May 22, 2008 - Paul and Debbie Dewey, caretakers of The Sunshine Home, are pleased to announce they're "arrived in London" -- with the establishment of a local phone number in London!

"With so many of our feline guests and their humans tied to the United Kingdom," Paul says, "We felt it was a natural extension of our services. Whether it be work or pleasure that brings them to London, people now know we're only a phone call away when they want to check in on their cats back here in the States." Paul adds, "And with a number of long-term boarding inquiries originating in England, this also gives those people a chance to speak with us and put a voice with a name for their peace of mind."

The cats at The Sunshine Home have been joking around, asking which one of them gets to staff the "London Office", who is planning on teaching them how to say "Meow" in the Queen's English and how the taste of English tuna compares to American tuna? "We're trying to explain to them how today's technology allows us to have this local number in the UK without having to open a branch office there," Debbie points out with a smile. "But apparently none of the kitties consider themselves feline-techno-geeks."

The new London UK local phone number for The Sunshine Home is (020) 3372 4184. Paul and Debbie remind their friends across the pond that this number rings in their home in New York -- and therefore in consideration of the five-hour time difference the London number should be used only during the hours from **3:00pm to 11:00pm GMT** (except for emergencies, of course).

"We're always looking for new and innovative ways to go the extra mile for the cats and their humans," Paul says, "And we're proud to offer this local London phone number as one more way of demonstrating just how much care."
